

ADAP Financial Agreement

Addiction Directions appreciates the confidence you are placing in us to work with your recovering loved one and your family. We believe this commitment to the 12 month monitoring program will provide your family with the support and tools to combat the disease of addiction effectively. The cost for the ADAP program is \$5,000.00 paid in full at the beginning of services.

The \$5,000.00 payment is non-refundable. If the client or the payer decides to no longer participate no refund is given. Addiction Directions will honor its commitment to provide the ADAP program for the 12 month period, should a client decide to re-enter the program.
